

## **2<sup>nd</sup> Line Technical Support Analyst**

**Location: Wakefield**

Due to business expansion an exciting opportunity has arisen for a 2<sup>nd</sup> Line Technical Support Analyst to join our dynamic team.

Concorde are one of the UK's most successful independent, IT, Cloud & Managed Services Providers. We have over 2500 customers throughout the UK and over 70 colleagues in the Concorde family. We have over £14m Group Revenues and rising.

We have a beautifully balanced business split across four main focus areas of  
Technology Solutions  
Cyber Security  
Cloud Solutions  
Communications

Our divisions align a wide range of services and products to give our customers greater depth, focus and flexibility in the areas we feel would be critical to our customer's growth and development ambitions over the coming years.

Taking advantage of our 32 years in business, our people and services have experienced a lot of change and developments within our sector, but we feel that packaging this experience in easily identifiable and recognisable offerings will assist us in providing you and your business the right information, with the right people at the right time.

We do not manufacture anything here at Concorde we are a Managed Services Company that trades on its reputation, One that we are exceptionally proud of and as many of our customer's that have been with us for over 32 years will bear testament too.

Investment in the talent, skill and dedication of our people translates universally into exemplary customer service; on time, every time, all of the time.

This is an opportunity to join a successful company at the right time, ahead of further growth, and be instrumental in developing and guiding technical excellence.

### **Brief Role Description:**

Concorde is looking for an experienced 2<sup>nd</sup> Line Technical Support Analyst to join their busy Second Line team. As a Second Line Analyst, you will be the second point of contact for end users and a representational face of IT. for end users who require support. You will deal with all escalations acting as a liaison between the 1st line, Field Service and 3rd line teams. Working closely with the 3rd line teams ensuring that fixes are added to the knowledge base and that the information is communicated to the rest of the Service Desk team to aid future troubleshooting. You will be responsible for ensuring all support incidents, requests and problems are logged in the company's ITSM toolset and are resolved in line with the IT. departments SLA's. Acting as a mentor for the 1st line team you will help promote a shift left culture enabling faster call resolution for the end user community.

### **Responsibilities for the role may include some of the following:**

- To provide remote technical support to the customers user base to achieve contractual Service Level Agreements
- The ability to communicate technical issues to a non-technical audience
- Incident Management of major incidents
- Document all technical solutions within the Service Desk knowledge base
- Provide technical support to 1st Line Service Desk Analysts
- To record all incidents / changes within the Concorde's service Desk tool
- Contribute to delivering a 70% remote resolution target
- Convert 65% of contacts (phone calls and mails) to events
- Resolve 12 incidents / changes / service requests per day
- Answer inbound phone calls where required
- Make outbound phone calls to customers keeping them informed on a regular basis
- Review and update 'known errors' dB
- Incident / change / service requests assignment to appropriate Service Department
- End to end ownership of all incident / change / service requests through to closure
- Ability to provide a positive Service Desk experience
- Build internal / external relationships through effective methods of communication
- Identify and work towards service improvements
- Assess, prioritise and manage workload ensuring contractual obligations are achieved
- Contributing to delivering team performance to adhere to Group Information Security Policy.

### **Skills, Knowledge and Experience (Essential)**

- Minimum 2 Years working in IT Support
- Good understanding of networks.
- Good troubleshooting experience.
- Excellent telephone manner.
- Ability to work under own initiative.
- Be available for 24/7 Rota if required.
- Full clean UK driving licence
- Ability to operate within a team.
- To adhere to group information security policy.
